“If you are silent in the face of oppression, you have chosen the side of the aggressor. If we inform the world, it’s going to be hard for people to be silent.”

EUROPE INVASION BATTLE: UKRAINE

While creating this poster for his project supporting the 67th Brigade's new drone battalion in Ukraine, we received the heartbreaking news that Peter “Hasta La Vista” Fouché had returned on the shield, giving his life in combat. We mourn his loss deeply. Pete's dedication, heroism, and compassion have left a lasting impact. We will honor his memory by continuing the work he was passionate about, ensuring his legacy endures.
